Hotel 101's 'Happy Rooms' have been designed from the very beginning to have the amenities of a studio unit, equipped with kitchenettes in each room, which makes it very suitable to long staying guests. The Company's office buildings, as with other developers office portfolios, have also remained resilient. The relevance of the business model of DoubleDragon's CentralHub industrial warehouse complexes became more pronounced as the impairment of mobility made consumer companies realize the importance of having warehousing facilities in various parts of the country in order to maintain efficient logistics,"* said DoubleDragon Chairman Edgar "Injap" Sia II.

*"The Company has a strong balance sheet and is capitalizing in the strength of its financial position in light of these unsettled times. We are now in advance preparations for the filing of our first Real Estate Investment Trust (REIT) Offering which covers the listing of the Company's first basket of mature income-generating assets,"* said DoubleDragon Chief Investment Officer Hannah Yulo-Luccini.

The Company targets to complete a leasable portfolio of 1.2 Million square meters by 2022 spread across its core business segments. DoubleDragon's four pillars of growth continues to strengthen in provincial retail leasing, office leasing, industrial leasing and hotels which will provide the Company with a diversified source of recurring revenues backed by a string of appreciating hard assets.
