DOUBLEDRAGON CORPORATION AND SUBSIDIARIES
NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL
STATEMENTS

1. Reporting Entity

DoubleDragon Corporation, formerly DoubleDragon Properties Corp., (“DD” or the “Parent Company”), was incorporated and registered with the Philippine Securities and Exchange Commission (SEC) on December 9, 2009 primarily to engage in the business of real estate development including but not limited to residential and condominium projects, to acquire by purchase or lease land and interest in land, to own, hold, impose, promote, develop, subdivide and manage any land owned, held or occupied by the Parent Company, to construct, manage or administer buildings such as condominiums, apartments, hotels, restaurants, stores or other structures and to mortgage, sell, lease or otherwise dispose of land, interests in land and buildings or other structures at any time.

The Parent Company’s shares are listed in the Philippine Stock Exchange (“PSE”) on April 7, 2014 under the stock symbol “DD”.

The Parent Company’s registered office address is at 10th Floor, DoubleDragon Plaza, DD Meridian Park Bay Area, Corner Macapagal Avenue and EDSA Extension Boulevard, Brgy. 76 Zone 10, San Rafael, Pasay City, Metro Manila.

2. Basis of Preparation

The condensed consolidated interim financial statements have been prepared in accordance with Philippine Accounting Standards (PAS) 34, Interim Financial Reporting. Selected explanatory notes are included to explain events and transactions that are significant to the understanding of the changes in financial position and performance of the Group since the last annual consolidated financial statements as at and for the year ended December 31, 2022. The condensed consolidated interim financial statements do not include all the information required for a complete set of financial statements in accordance with Philippine Financial Reporting Standards (PFRS), and should be read in conjunction with the audited consolidated financial statements of DoubleDragon Corporation and Subsidiaries (collectively referred to as the “Group”) as at and for the year ended December 31, 2022. The audited consolidated financial statements are available upon request from the Group’s registered office at DD Meridian Park Bay Area, Corner Macapagal Avenue and EDSA Extension Boulevard, Brgy. 76 Zone 10, San Rafael, Pasay City, Metro Manila.

The condensed consolidated interim financial statements are presented in Philippine peso and all values are rounded off to the nearest peso, except when otherwise indicated.

3. Summary of Significant Accounting Policies

Except as described below, the accounting policies applied by the Company in these condensed interim financial statements are the same as those applied by the Company in its financial statements as of and for the year ended December 31, 2022. The following changes in accounting policies are also expected to be reflected in the Company's financial statements as of and for the year ended December 31, 2023.

Adoption of New or Revised Standards, Amendments to Standards and Interpretations The Company has adopted the following new standards, amendments to standards and interpretations starting January 1, 2023 and accordingly, changed its accounting policies. Except as otherwise indicated, the adoption did not have any significant impact on the Company's financial statements.

Effective January 1, 2023

- *Definition of Accounting Estimates (Amendments to PAS 8 Accounting Policies, Changes in Accounting Estimates and Errors)*. To clarify the distinction between changes in accounting policies and changes in accounting estimates, the amendments introduce a new definition for accounting estimates, clarifying that they are monetary amounts in the financial statements that are subject to measurement uncertainty. The amendments also clarify the relationship between accounting policies and accounting estimates by specifying that an accounting estimate is developed to achieve the objective set out by an accounting policy. Developing an accounting estimate includes both selecting a measurement technique and choosing the inputs to be used when applying the chosen measurement technique. The effects of changes in such inputs or measurement techniques are changes in accounting estimates. The definition of accounting policies remain unchanged. The amendments also provide examples on the application of the new definition.

The amendments are effective for annual reporting periods beginning on or after January 1, 2023, with earlier application permitted, and will apply prospectively to changes in accounting estimates and changes in accounting policies occurring on or after the beginning of the first annual reporting period in which the amendments are applied.

- *Definition Disclosure of Accounting Policies (Amendments to PAS 1 Presentation of Financial Statements and PFRS Practice Statement 2 Making Materiality Judgements)*. The amendments are intended to help companies provide useful accounting policy disclosures. The key amendments to PAS 1 include:
 - requiring companies to disclose their material accounting policies rather than their significant accounting policies;
 - clarifying that accounting policies related to immaterial transactions, other events or conditions are themselves immaterial and as such need not be disclosed; and
 - clarifying that not all accounting policies that relate to material transactions, other events or conditions are themselves material to a entity's financial statements.

The amendments to PFRS Practice Statement 2 includes guidance and additional examples on the application of materiality to accounting policy disclosures.

The amendments are effective from January 1, 2023. Earlier application is permitted.

- *Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to PAS 12 Income Taxes)*. The amendments clarify that the initial recognition exemption does not apply to transactions that give rise to equal taxable and deductible temporary differences such as leases and decommissioning obligations. The amendments apply for annual reporting periods beginning on or after January 1, 2023. Earlier application is permitted. For leases and decommissioning liabilities, the associated deferred tax assets and liabilities will be recognized from the beginning of the earliest comparative period presented, with any cumulative effect recognized as an adjustment to retained earnings or other appropriate component of equity at that date. For all other transactions, the amendments apply to transactions that occur after the beginning of the earliest period presented.

Effective January 1, 2024

- *Lease Liability in a Sale and Leaseback (Amendments to PFRS 16 Leases)*. The amendments confirm the following:
 - On initial recognition, the seller-lessee includes variable lease payments when it measures a lease liability arising from a sale-and- leaseback transaction.
 - After initial recognition, the seller-lessee applies the general requirements for subsequent accounting of the lease liability such that it recognizes no gain or loss relating to the right of use it retains.

A seller-lessee may adopt different approaches that satisfy the new requirements on subsequent measurement. For example, the seller-lessee could determine the lease payments to be deducted from the lease liability as expected lease payments or as equal periodic payments over the lease term, with the difference between those payments and amounts actually paid recognized in profit or loss.

The amendments are effective for annual reporting periods beginning on or after January 1, 2024, with earlier application permitted. Under PAS 8 Accounting Policies, Changes in Accounting Estimates and Errors, a seller- lessee will need to apply the amendments retrospectively to sale-and- leaseback transactions entered into or after the date of initial application of PFRS 16.

- *Classification of Liabilities as Current or Noncurrent - 2020 amendments and Non-Current Liabilities with Covenants - 2022 amendments (Amendments to PAS 1, Presentation of Financial Statements)*. To promote consistency in application and clarify the requirements on determining whether a liability is current or noncurrent, the amendments:
 - removed the requirement for a right to defer settlement of a liability for at least twelve months after the reporting period to

- be unconditional and instead requires that the right must have substance and exist at the end of the reporting period;
- clarified that only covenants with which a company must comply on or before the reporting date affect the classification of a liability as current or non-current and covenants with which the entity must comply after the reporting date do not affect a liability's classification at that date;
 - provided additional disclosure requirements for non-current liabilities subject to conditions within twelve months after the reporting period to enable the assessment of the risk that the liability could become repayable within twelve months; and
 - clarified that settlement of a liability includes transferring an entity's own equity instruments to the counterparty, but conversion options that are classified as equity do not affect classification of the liability as current or noncurrent.

The amendments will apply retrospectively for annual reporting periods beginning on or after January 1, 2024, with earlier application permitted. Entities that have early applied the 2020 amendments may retain application until the 2022 amendments are applied. Entities that will early apply the 2020 amendments after issue of the 2022 amendments must apply both amendments at the same time.

Deferral of the local implementation of Amendments to PFRS 10 and PAS 28: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture.

- *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (Amendments to PFRS 10 Consolidated Financial Statements and PAS 28 Investments in Associates and Joint Ventures).* The amendments address an inconsistency between the requirements in PFRS 10 and in PAS 28, in dealing with the sale or contribution of assets between an investor and its associate or joint venture.

The amendments require that a full gain or loss is recognized when a transaction involves a business (whether it is housed in a subsidiary or not). A partial gain or loss is recognized when a transaction involves assets that do not constitute a business, even if these assets are housed in a subsidiary.

Originally, the amendments apply prospectively for annual periods beginning on or after January 1, 2016 with early adoption permitted. However, on January 13, 2016, the FSRSC decided to postpone the effective date of these amendments until the IASB has completed its broader review of the research project on equity accounting that may result in the simplification of accounting for such transactions and of other aspects of accounting for associates and joint ventures.

Deferral of the following provisions of PIC Q&A 2018-12, PFRS 15 Implementation Issues Affecting the Real Estate Industry and IFRIC Agenda Decision on Over Time Transfer of Constructed Goods (PAS 23)

- *PIC Q&A 2018-12-D.* The mismatch between the percentage of completion of the Group's real estate projects and right to an amount of consideration based on the schedule of payments, as stated in the contract to sell, would constitute a significant financing component.

Interest income is recognized if the percentage of completion of real estate projects is higher than the right to an amount of consideration while interest expense is recognized if the latter is higher.

On October 25, 2018 and February 8, 2019, the SEC en banc, through the issuance of SEC Memorandum Circular No. 14, Series of 2018 and SEC Memorandum Circular No. 3, Series of 2019, respectively, decided to provide a relief to the real estate industry by deferring the application of the above PIC Q&As for a period of three (3) years.

- The IFRIC Agenda Decision (March 2019 IFRIC Update) clarified whether borrowing costs may be capitalized in relation to the construction of a residential multi-unit real estate development which are sold to customers prior to start of construction or completion of the development. Under the March 2019 IFRIC Update, the Committee clarified that the related assets that might be recognized in the Group's financial statements (i.e., installment contract receivable, contract asset, or inventory) will not qualify as a qualifying asset and the corresponding borrowing cost may no longer be capitalized.

On February 21, 2020, the SEC, thru its memorandum circular No. 4, series of 2020, defers the implementation of March 2019 IFRIC Update until December 31, 2020.

On December 15, 2020, the Philippine SEC issued SEC MC No. 34-2020 which further extended the deferral of certain provisions of this PIC Q&A until December 31, 2023.

After the deferral period, the Group will adopt PIC Q&A No. 2018-12 and any subsequent amendments thereto retrospectively or as the SEC will later prescribe.

The Group availed of the SEC relief on the accounting for significant financing component of PIC Q&A 2018-12-D and IFRIC Agenda Decision on Over Time Transfer of Constructed Goods (PAS 23). Had this provision been adopted, the Group assessed that the impact would have been as follows:

- Adoption of PIC Q&A 2018-12-D would have impacted interest income, interest expense, revenue from real estate sales, installment contract receivables and deferred taxes for all years presented and the opening balance of retained earnings. These would have impacted the cash flows from operations and cash flows from financing activities for all years presented.
- Adoption of IFRIC Agenda Decision on Over Time Transfer of Constructed Goods (PAS 23) would have impacted real estate inventory, interest expense and cost of real estate sales for all years presented and the opening balance of retained earnings. These would have impacted the cash flows from operations.

The Group is still in the process of assessing the impact of these deferred provisions.

4. Use of Judgments and Estimates

In preparing the condensed consolidated interim financial statements, management has made judgements and estimates that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

The significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those the applied to the consolidated financial statements as at and for the year ended December 31, 2022.

5. Segment Information

Operating Segments

The reporting format of the Group's operating segments is determined based on the Group's risks and rates of return which are affected predominantly by differences in the products and services produced. The operating businesses are organized and managed separately according to the nature of the products produced and services provided, with each segment representing a strategic business unit that offers different products and serves different markets.

The Group's reportable segments are real estate development, leasing, and hospitality. The real estate development segment is engaged in the development of real estate assets to be held as trading inventory and for sale. This segment was developed as part of the Group's tactical approach to early stage growth, as part of that plan we will be transitioning out of this segment once the current inventory has been fully sold. The leasing and hospitality segments which are focused in recurring revenue will be the core pillars of the Group's growth plans moving forward. The leasing segment is engaged in the acquisition and/or development of real estate assets in the retail, office and industrial sector that are held for rentals. The hospitality segment is engaged in the acquisition and/or development of hotels which will be managed and operated the Group. The hospitality segment includes the development of a homegrown hotel brand with a unique sale-and-manage business model.

Others pertain to the segments engaged in marketing, property management activities and hotel operations.

Management monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profit or loss and is measured consistently with the operating profit or loss in the consolidated financial statements.

The Group has three significant reportable segments for 2021 and 2020, namely the real estate development, leasing, and hospitality. Leasing segment is presented into three sub-segments, which composed of retail, office and industrial.

Segment Assets and Liabilities

Segment assets include all operating assets used by a segment and consist primarily of operating cash, receivables, real estate inventories, prepaid expenses and other current assets, property and equipment and computer software licenses, net of accumulated depreciation and amortization, investment property and other noncurrent assets. Segment liabilities include all operating liabilities and consist

primarily of accounts payable and other current liabilities, customers' deposits and other noncurrent liabilities. Segment assets and liabilities do not include deferred taxes.

Inter-segment Transactions

Segment revenues, expenses and performance include sales and purchases between operating segments. Inter-segment transactions are set on an arm's length basis similar to transactions with nonrelated parties.

Major Customer

The Group does not have a single external customer from which sales revenue generated amounted to 10% or more of the total revenues of the Group.

	P15,235,026,328	P14,295,415,072

Installment contracts receivable from real estate buyers pertains to receivables from the sale of condominium and subdivision units. These receivables are collectible in monthly installments over a period of one to five years. These non-interest bearing installment contracts receivable are discounted using effective annual interest rates ranging from 5.00% to 10.00% that are specific to the tenor of the installment contracts receivable. Titles to real estate properties are not transferred to the buyers until full payment has been made.

Rent receivable pertains to receivables arising from the lease of commercial and

office spaces relating to the Group's CityMall, CentralHub and DD Meridian Park operations. These are generally collectible within 30 days. This account also consists of accrued rentals arising from the excess of rent income over rental collections made by lessees in accordance with straight-line rental recognition as mandated by PFRS 16, Leases.

Receivables from tenants include utilities, common usage service area fees and other charges billed to tenants which are due within 30 days upon billing.

Other income includes CUSA and interest and penalties charged to tenant advertising income, retail and restaurant sales and other charges

On November 26, 2020, the Corporate Recovery and Tax Incentives for Enterprises ("CREATE") Bill was approved by the Senate of the Philippines. Under the CREATE Bill, domestic corporations will be subjected to 25% or 20% income tax depending on the amount of total assets or total amount of taxable income. In addition, MCIT shall be computed at 1% of gross income for a period of three years. The changes in the income tax rates shall retrospectively become effective beginning July 1, 2020.

President Rodrigo Duterte signed into law on March 26, 2021 the CREATE Act to attract more investments and maintain fiscal prudence and stability in the Philippines. Republic Act (RA) 11534 or the CREATE Act introduces reforms to the corporate income tax and incentives systems. It takes effect 15 days after its complete publication in the Official Gazette or in a newspaper of general circulation or April 11, 2021.

16. Financial Risk and Capital Management Objectives and Policies

Objectives and Policies

The Group has significant exposure to the following financial risks primarily from its use of financial instruments:

- Credit Risk
- Liquidity Risk
- Interest Rate Risk

This note presents information about the Group's exposure to each of the above risks, the Group's objectives, policies and processes for measuring and managing risks, and the Group's management of capital.

The main purpose of the Group's dealings in financial instruments is to fund its respective operations and capital expenditures.

The BOD has overall responsibility for the establishment and oversight of the Group's risk management framework. The BOD has established the Executive Committee, which is responsible for developing and monitoring the Group's risk management policies. The committee identifies all issues affecting the operations of the Group and reports regularly to the BOD on its activities.

The Group's risk management policies are established to identify and analyze the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. All risks faced by the Group are incorporated in the annual operating budget. Mitigating strategies and procedures are also devised to address the risks that inevitably occur so as not to affect the Group's operations and forecasted results. The Group, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Group's principal financial assets include cash and cash equivalents, receivables, due from related parties and refundable deposits. These financial assets are used to fund the Group's operations and capital expenditures.

Credit Risk

Credit risk represents the risk of loss the Group would incur if credit customers and counterparties fail to perform their contractual obligations. The risk arises principally from the Group's cash and cash equivalents, receivables, due from related parties and refundable deposits. The objective is to reduce the risk of loss through default by counterparties.

In respect of installments contracts receivable, credit risk is managed primarily through credit reviews and an analysis of receivables on a continuous basis. Customer payments are facilitated by post-dated checks. Exposure to bad debts is not significant as titles to real estate properties are not transferred to the buyers until full payment has been made. There are no large concentrations of credit risk given the Group's diverse customer base.

Credit risk arising from rent receivable is primarily managed through a tenant selection process. Prospective tenants are evaluated on the basis of payment track record and other credit information. In accordance with the provisions of the lease contracts, the lessees are required to deposit with the Group security deposits and advance rentals which helps reduce the Group's credit risk exposure in case of defaults by the tenants. For existing tenants, the Group has put in place a monitoring and follow-up system. Receivables are aged and analyzed on a continuous basis to minimize credit risk associated with these receivables.

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting period follows:

The Group assessed the credit quality of unrestricted cash as high grade since this is deposited with reputable banks with low probability of insolvency.

Receivable balances are being monitored on a regular basis to ensure timely execution of necessary intervention efforts. The Group performs credit investigation and evaluation of each buyer to establish paying capacity and creditworthiness. The Group will assess the collectibility of its receivables and provide a corresponding allowance provision once the account is considered impaired.

The credit risk for due from related parties and refundable deposits is considered negligible as these are mainly from related parties and Companies that are generally financially stable.

Liquidity Risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group manages liquidity risks by forecasting projected cash flows and maintaining balance between continuity of funding and flexibility in operations. Treasury controls and procedures are in place to ensure that sufficient cash is maintained to cover daily operational working capital requirements. Management closely monitors the Group's future and contingent obligations and sets up required cash reserves as necessary in accordance with internal requirements.

The following are the contractual maturities of financial liabilities, including estimated interest payments and excluding the impact of netting agreements:

Interest Rate Risk

The Group interest risk management policy is to minimize interest rate cash flow risk exposures to changes in interest rates. The Group has short-term and long-term bank borrowings with fixed interest rates. Therefore, the Group is not subject to the effect of changes in interest rates.

Fair Values

The following methods and assumptions are used to estimate the fair value of each class of financial instruments:

Cash and Cash Equivalents/Due from Related Parties/Accounts Payable and Other Current Liabilities/Due to Related Parties

The carrying amounts of cash and cash equivalents, due from related parties, refundable deposits, accounts payable and other current liabilities, short-term notes payable and due to related parties approximate their fair values due to the relatively short-term nature of these financial instruments.

Receivables

The fair values of installment contract receivable and receivables from leasehold rights' buyers from are based on the discounted value of future cash flows using the applicable rates for similar types of instruments. The fair value of other receivables is

approximately equal to their carrying amounts due to the short-term nature of the financial assets.

Refundable Deposits/Lease Liabilities/Security Deposits

Refundable deposits, lease liabilities and security deposits are reported at their present values, which approximate the cash amounts that would fully satisfy the obligations as at reporting date.

Short-term Notes Payable/Long-term Notes Payable/Bonds Payable

The fair value of the interest-bearing fixed-rate short-term and long-term debts is based on the discounted value of expected future cash flows using the applicable market rates for similar types of loans as of reporting date.

Capital Management

The Group's objectives when managing capital are to increase the value of shareholders' investment and maintain high growth by applying free cash flows to selective investments. The Group sets strategies with the objective of establishing a versatile and resourceful financial management and capital structure.

The BOD monitors the return on capital, which the Group defines as net operating income divided by total shareholders' equity. The BOD also monitors the level of dividends to shareholders.

The BOD seeks to maintain a balance between the higher returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position. The Group defines capital as equity, which includes capital stock, additional paid-in capital and retained earnings. There were no changes in the Group's approach to capital management as at March 31, 2024 and December 31, 2023. The Group is not subject to externally-imposed capital requirements.

Revenues

DoubleDragon Corporation (“DoubleDragon” or “The Company”) reports Consolidated Revenue figures for the first three months of 2024 at ₱2,051.67 million.

DoubleDragon’s rental revenues increased by ₱101.66 million or 12.43% to 919.27 million during the first three months of 2024 compared to ₱817.62 million during the same period last year, increase is due to the combination of rental escalation and new tenants onboarded.

Real estate sales amounting to ₱247.13 million, a decrease ₱46.15 million or -15.7%, for the three months ended March 31, 2024 compared to the same period in 2023, decrease is due to timing of recognition based on construction completion since unit sales from Hotel101-Niseko Hokkaido Japan and Hotel101-Madrid Spain is recognized based on construction completion and Hotel101 Japan is only in full swing construction in April 2024 and Hotel101-Madrid Spain just commenced its construction in May 2024.

Hotel Revenues of ₱197.34 million also contributed 9.6% of the consolidated revenues for the first three months of 2024, an increase of 33.7% from ₱147.59 million posted in the same period in 2023, due to increase in occupancy rate for hotel properties.

The Company's interest income for the first three months of 2024 increased by ₱10.83 million or, 172.9%, to ₱17.09 million, compared to ₱6.26 million in 2023, as a result of the increase interest income from discounting of receivables.

Furthermore, a ₱220.17 million increase, or 48.9%, in Other Income from ₱450.68 million to ₱670.84 million is accounted due to the increase cinema revenues, revenues from ads/amusement charges, concessionaire revenues, admin charges and aircon charges.

Cost and Expenses

Cost of real estate sales amounting to ₱123.36 million, a decrease by ₱31.66 million, -20.4% for the three months ended March 31, 2024 compared to the same period in 2023, the decrease is related additional costs recognized during the period.

Cost of hotel operations amounting to ₱149.21 million increased by ₱44.38 million, 42.3%, for the three months ended March 31, 2024. The increase is due to higher hotel revenues and rent expense.

Selling expenses of ₱41.77 million increased by ₱14.40 million, or 52.6%, from ₱27.37 million from the same period last year due to more efficient marketing campaigns for the period.

General and administrative expenses of ₱539.58 million increased by ₱132.27 million, or 32.5% due to increase in utilities and other mall operations costs and various professional services.

Interest expense amounting to ₱530.40 million was recognized for the three months ended March 31, 2024 – an increase from ₱460.01 million or 15.3% in the same period last year due to lower capitalized borrowing cost for the period.

Income before income tax

The Company's consolidated income before income tax for the three months ended March 31, 2024 is at ₱667.35 million, an increase of ₱106.47 million or 19.0%, from its consolidated income before income tax of ₱560.88 million recorded for the same period in 2023, due to increased Other Income.

Income tax expense

The Company's income tax expense for the first three months is at ₱74.43 million, an increase of ₱33.65 million, or 82.5%, from its income tax expense of ₱40.79 million recorded for the same period in 2023. Increase in income tax expense is the result of higher taxable income from certain subsidiaries.

Net Income

The Company's consolidated net income of ₱592.92 million increased by ₱72.83 million, for the three months ended March 31, 2024 from ₱520.09 million posted for the same period in the previous year .
